No December Check

All inspection stations are held from 10:00 a.m. until Noon at Fire Station #1. (200 W. 1st St.) In months where there is no scheduled check, call 577-2535 for an appt. or call to confirm next check date.

.....  
*Parents are reminded to bring the child, car seat and vehicle in use for a proper car seat check and installation.*

For more information or questions  
call Safe Kids of Central Wyoming  
307-577-2535

Motor vehicle crashes are the number one injury-related death among children ages 14 and under, claiming nearly 1,400 lives and resulting in nearly 203,000 injuries each year.

- Young children restrained in child safety seats have an 80% lower risk of fatal injury than those who are unrestrained.
- Of those children who are buckled up, *four out of five* are restraints that are *improperly* selected, installed or used.
- Certified technicians will check and educate parents on the correct installation, placement, and usage of seats.
- If requirements are not met and a new seat is required, Safe Kids of Central Wyoming will replace the seat for a donation of the cost of the seat.
- Safe Kids of Central Wyoming will not, with the exception of expecting mothers, check seats without the child or the vehicle that the child is normally transported.
- Under Wyoming law, all children under the age of 9 are required to be properly restrained in a child passenger seat.
